

## LEARN ENGLISH WITH EVEREST

In Everest we offer classes for all levels where students can learn in a comfortable stimulating environment in which games, movement, colour, music and technology are incorporated into lesson plans to ensure that you learn in an alert, enjoyable, multisensory fashion. We offer General English and Exam Preparation (FCE, CAE and IELTS) courses both full time and part time. You can find all the information and prices here but if you have any questions, don't hesitate to contact us!

### General English:

You will practice your speaking, writing, listening and grammar in fun and engaging classes. During the classes, you will be put into real life situations such as jobs interviews, holidays abroad or nights out. This way you will not only learn faster but you will be more immersed in the language.

### Exam Preparation:

The main focus will be on the exam (FCE, CAE or IELTS). Your teacher will help you the highest marks possible in the exam. They will help you to perfect your grammar and expand your vocabulary, but the main focus will be on the exam. In a typical class you can expect to focus on Use of English, speaking, reading, writing and listening.
