EXPERIENCES TO REMEMEBER

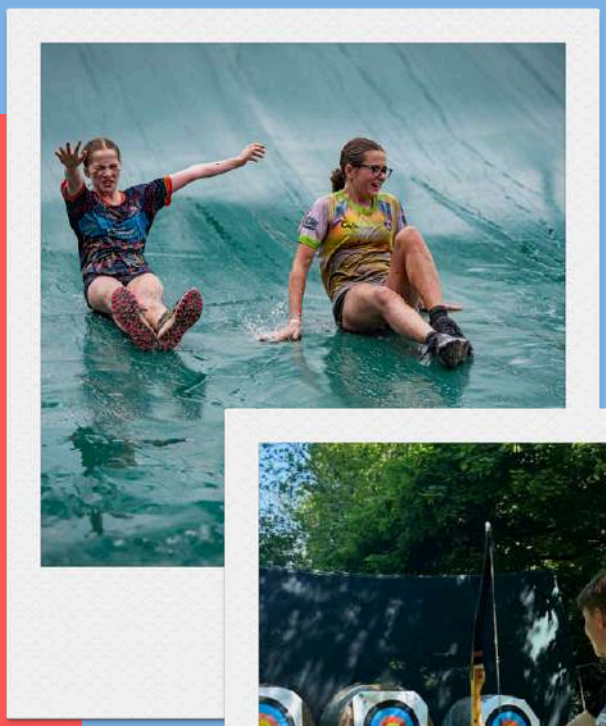

An Adventure to Remember
A Screen-Free Adventure in Nature

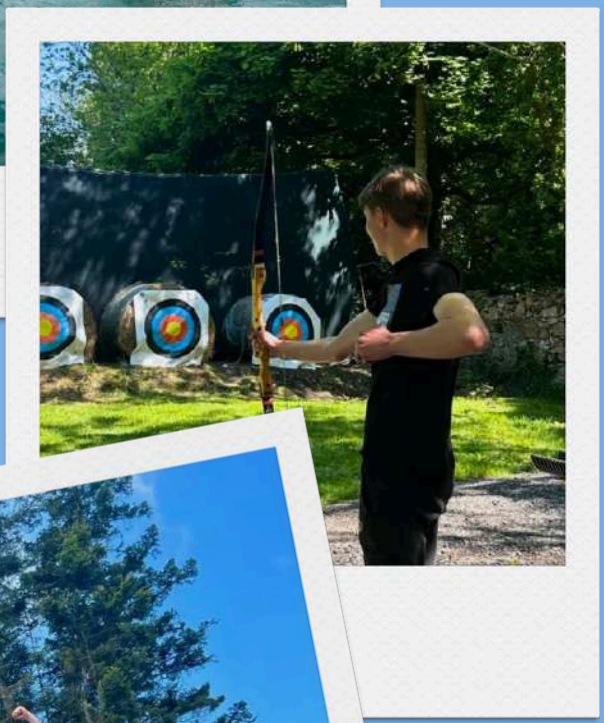

In a world of constant notifications, we offer something increasingly rare: an authentic, screen-free experience. This camp is not for everyone. It is not for teenagers who want to spend their afternoons browsing shopping malls or glued to their phones.

It is designed for adventurous young learners ready to trade screens for muddy boots, forest trails, and fresh sea and mountain air.

At Killruddery Estate, young learners have a real memorable expereince and make friends for life buliding connections through obstacle courses, bushcraft survival, and real teamwork.
Out in the elements, English stops being a classroom exercise and becomes the natural way students laugh, problem-solve, and bond.

Each participant will return home with genuine language fluency, lasting global friendships, and real-life stories that will stay with them forever.
